PROFESSIONAL SUMMARY

Entry-level Software Developer with hands-on experience in web development and software engineering through internship and personal projects. Skilled in HTML, CSS, JavaScript, Python, Git, and debugging. Interested in building scalable web applications and learning web application security. Strong foundation in problem-solving, version control, and collaborative development.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML, CSS
Web: Frontend Development, DOM Manipulation, Responsive Design
Tools: Git, GitHub, VS Code, Linux
Concepts: Debugging, Version Control, Basic Web Security

EXPERIENCE

Software Engineering Intern — Sifars, Patiala, India (09/2024 – 02/2025)
- Collaborated with developers in an agile environment to develop and test application features.
- Implemented bug fixes and improved application stability through systematic debugging.
- Used Git for version control, managing code changes and team collaboration.
- Participated in code reviews and followed clean coding practices.
- Assisted in optimizing application workflows and improving overall code quality.

PROJECTS

Job Application Tracker (Web App): Built using HTML, CSS, and JavaScript to track job applications. Implemented Local Storage to persist user data and practiced DOM manipulation and form handling.

EDUCATION

B.Tech in Computer Science & Engineering — CGC Jhanjeri, Punjab (01/2025)
CBSE 12th — 85% (01/2021)
CBSE 10th — 78% (01/2019)

INTERESTS

Web Application Security
Web Development
